OTHER ACTIVITIES

1 | Sparse skills
   I like the art of crafting books and drawing maps; this is not unrelated to my love for Mathematics. I am a
   pretty decent TeXnic (I maintain this CV through a github repo whence you can steal the code, if you ask
   politely). I know bits of Haskell, Python, and Wolfram, but in the end I don't care *that* much about program-
   ming if I can't do category theory in it. I became a relatively frequent contributor of agda-categories. Agda
   is…well, pain. I like languages, natural and artificial (mi ŝatus verki vortaron al matematiko, kun terminoj
   el teoria kategorioj; mina õpin eesti keelt, aeglaselt; jeg liker Norsk, men jeg liker Maria Franz mer); again,
   this is not unrelated to my love for Mathematics.

2 | *Directeur des systèmes d'information* @ 'Les Presses Insoumises'.
   I have participated to the craft of the cover of the first edition of the Grimoire of Commutative Algebra by
   Lorenzo Ramero.

3 | Freelance consultant @ PlantingSpace
   I conduct research oriented towards categorical probability theory and implementations thereof.

4 | Reviewer for
   zbMath, AMS Math. Rev.
