OTHER ACTIVITIES

1 | Sparse skills
I like the art of crafting books and drawing maps; this is not unrelated to my love for Mathematics. I am a pretty decent TeXnic (I maintain this CV through a github repo from where you can politely steal the code). I know bits of Haskell, Python, and Wolfram, but in the end I don't care that much about programming if I can't do category theory in it. I became a relatively frequent contributor of agda-categories. Agda is…well, pain. I like languages, natural and artificial (mi ŝatus verki vortaron al matematiko, kun terminoj el teoria kategorioj; mina õpin eesti keelt, aeglaselt; jeg liker Norsk, men jeg liker Maria Franz mer); again, this is not unrelated to my love for Mathematics.

2 | *Directeur des systèmes d'information* @ 'Les Presses Insoumises'.
I have participated to the craft of the cover of the first edition of the Grimoire of Commutative Algebra by Lorenzo Ramero.

3 | Freelance consultant @ PlantingSpace
I conduct research oriented towards categorical probability theory and implementations thereof.

4 | Reviewer for
